PLT is working Freedom Convoy group from last night. PLT updates that a number of the groups are not in agreed the Freedom Convoy group and not aware of the letter with Mayor. PLT is working thru this issue. Trying to identify who is prepared to leave.

Chris from last night is telling Kim that he has 10 trucks ready to move to Wellington. Is it not worth moving them even if it's not in the original plan just so that there is a visible sign of progress?

11:47 a.m.

Problem is Chris has not been able to explain what happens to the rest of trucks on the north south streets.

11:52 a.m.
